

S5

Audi Vorsprung durch Technik

Performance without limits

The Audi S5 Sedan is built to excite, with its turbocharged V6 engine producing 367 horsepower and 550Nm of torque. Matched with quattro all-wheel drive and a quick-shifting transmission, it delivers seamless acceleration and exceptional grip. With dynamic handling and sport-tuned suspension, the S5 Sedan is built for those who demand excitement behind the wheel.

Sport-inspired luxury

Precision engineering meets modern luxury in the S5 Sedan, where every element is crafted for performance and comfort. S-specific sport seats wrapped in Fine Nappa leather provide both style and support, while the driver-focused Audi Virtual Cockpit Plus keeps vital information at your fingertips.

The intuitive MMI® touch display is seamlessly complemented by the optional passenger display (with Active Privacy Mode), offering added convenience and functionality. With customizable ambient lighting and the standard Bang & Olufsen 3D sound system, the S5 Sedan creates an environment as sophisticated as its performance.

A Bold Statement on the Road

The striking design reflects its sporty performance. Sharper lines, honeycomb grille, and signature quad exhaust tips emphasize its sporty character. Sleek LED headlights and customizable OLED taillights enhance its modern look, while the athletic proportions and coupe-inspired profile emphasize its aerodynamic efficiency. The S5 Sedan doesn't just turn heads—it leaves a lasting impression.

Technical specifications

A blend of heritage and innovation, redefining modern luxury and technology.
